Dear Mayor and Councillors

Re: December \$1 bus fares on weekend

Last year we wrote to express our appreciation of the \$1 bus fares in the lead up to Christmas. We would like to again congratulate you on reinstating this scheme for 2016. We hope these reduced fares encourage more of Wellington's public to continue to use public transport well into the New Year and beyond.

As you know we are keen advocates of sustainable and active transport modes and because of this we are very supportive of this initiative. We look forward to working with you on other ideas to increase Wellington's mode shift away from the private car as a key transport mode.

Ngā mihi o te Kirihimete me te Tau Hou.

Yours faithfully

Christine McCarthy
